DOMINO'S DELIVERS BREAKFAST IN BED TO MANCHESTER

- Manchester All Saints store now open 24 hours -

Residents of Central Manchester who fancy breakfast in bed are in for a treat as Domino's Pizza in Grosvenor Street, Manchester, is now delivering just that – delicious, hot sweetcured back bacon, sausage and egg subs, Lavazza coffee and even pizza. The store, which is open 24 hours each day, will deliver a piping hot breakfast sub and a coffee to your door for just £7.99 or two of each for £14.00.

Store manager Steve Cubitt, currently Domino's International Manager of the Year, said: "We are already open until 5am, but could see that there was a big demand for a tasty Domino's breakfast – so we've increased our opening hours and made one available.

"Residents and office workers within the Central Manchester area can now order their breakfast from us and we'll get it delivered right to the door. And if you fancy pizza for breakfast – no problem! We'll deliver that too!"

The store will be sampling its new hot breakfast subs around the Manchester area throughout the week [commencing August 16].

The hot breakfast subs are available with any combination of sweetcured back bacon, sausage and egg and come with a sachet of HP Sauce and one of Heinz Tomato Ketchup. Delivery is available to anyone currently within the Manchester City Centre store's delivery area and the store can be contacted on 0161 273 5666. A sub and a coffee delivered will cost £7.99, or £4.99 if you collect it from the store, and customers can order online at www.dominos.co.uk too.
